RE: Site Inspection, Diversified Stone, Wonder 2 Mine, S/041/025, Sevier County, Utah

Date of Inspection: October 15, 1996

Time of Inspection: 9:15 a.m.

Conditions: Sunny, warm

Participants: Vearl Christiansen, BLM: Lynn Kunzler, DOGM

Purpose of Inspection: To evaluate the site while in the area

Site disturbance stands at about or slightly more than 1/2 acre. There is a backhoe on site. The site looks fairly stable. Vearl Christiansen indicated that across the canyon, which is less than 1/4 mile away, the operator has filed another notice. That notice should be combined with this project as the same mining operation. The BLM has forwarded a copy of this notice to DOGM.

Photographs were taken to document the site visit.
